BLEED

Any background images or colors, including borders, should extend to this line.

TRIM

This is where the pages will be cut.

SAFETY

Anything important that shouldn't be cut off must be within the safety line. If there are borders, they should extend from the bleed to the safety line, or beyond it.

BOOK TITLE

SCORE

On perfect-bound booklets, the spine will be scored and glued $\frac{1}{4}$ " from the edge. The area between the spine and the score should be clear of important text or images.

SPINE

Spine width will vary based on the number of pages. In this example, the spine measures 0.2" across.
